

Committee Chair Rotation Policy

Objective: The objective of the committee chair rotation policy is to provide as many parents as possible the opportunity to lead various activities and events. The policy also encourages planning for future volunteer roles.

The rotation policy is as follows:

1. Auction: New chairs/co-chairs every auction year
2. Country Fair/Art Council: One prior chair, one new chair every year
3. Activities/Events: All other Parent Association committee chair/co-chairs are two-year positions. Upon serving for two years, the chair/co-chair will be asked to transition their activity or event.

Ideally, the current committee chairs/co-chairs will identify and partner with an incoming volunteer for the second year of the term. The addition of this new volunteer will ease the transition process and assist with information exchange specific to the event.

If a parent volunteer is not identified at the end of a chair/co-chairs' rotation and they are willing to continue, they may do so.
